

DIGITAL CAREERS ARE EXPLODING.

FIND YOUR PLACE.

LaKeshia was a billing specialist.

Dejan was a recycling coordinator.

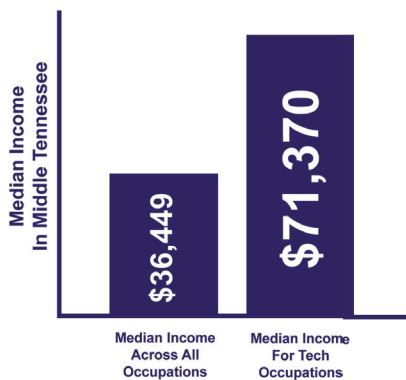

Jenna was a customer service representative.

Malcolm was a recent high school graduate.

*They found a digital career.
You can too!*

Earn A Living Wage With A Digital Career

The median income for tech occupations is nearly double the median income across all occupations in Middle Tennessee.

Data courtesy of the Nashville Technology Council.

Look inside to learn how you can get a hands-on introduction to digital skills and careers.

GO. DIGITAL. YES. YOU BELONG!

EXPLORE YOUR INTEREST AND APTITUDE FOR A DIGITAL CAREER.

What is a digital career?

Digital careers include jobs like Desktop Tech Support, Systems Administrator, Network Security, Website Developer, Software Engineer, Data Analyst, and Data Scientist. But there's so much more! Many careers require at least some digital skills. In fact, jobs which were not considered technical in years past are now considered technical.

How do I know a digital career is for me?

The best way to find out if a digital career is for you is through hands-on experience. Empower the Journey and Nashville Software School are bringing you an affordable and convenient way to explore your interest and test your aptitude for a digital career.

I'm ready to give it a try!

AFFORDABLE PATHWAYS TO DIGITAL CAREERS

During the Intro to Web Development class, we will share about many of the digital careers in Nashville and affordable pathways to get there, like registered apprenticeship programs, IT certifications, and community college programs. Here are four programs worth consideration.

Empower The Journey has a 5-year Partnership, with Metro Action, on CompTIA Technical Training.

For more information, call 626-215-6344.

Helps adults return to higher education and complete a degree or credential.

Earn a Technical Certificate at TCAT or Associates Degree

Why it's affordable?

For qualified adults, the Tennessee Reconnect Grant pays the remaining balance of tuition after other state financial aid and Pell Grants have been applied.

<http://tnreconnect.gov>

First registered Apprenticeship program for tech jobs in Tennessee.

Start a Career In:

- Network Security
- Software Development
- Web Development
- System Administration

Why it's affordable?

Apprenti Tennessee combines paid on-the-job training and education with placement in highly skilled, salary-competitive occupations.

<http://apprentitn.com>

Non-profit vocational school.

Start a Career In:

- Web Development
- Data Analytics
- Data Science
- UI & UX Design & Development

Why it's affordable?
